To read **Medical Physics** eBook, make sure you access the web link under and save the file or have accessibility to additional information that are in conjunction with MEDICAL PHYSICS book.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 307 Publisher: University Press of Zhengzhou Pub. Date :2008-04. is different from the science of physics. medical physics. it is a fully reflect the medical and physics theories. methods and techniques combined with cross-curriculum. This book includes: basic biomechanics; blood flow; vibration and fluctuations; molecular kinetic theory; thermodynamics and so on. The teaching materials to follow the Office of the Ministry of Health s goal-oriented professional training. vocational skills training as a fundamental principle of the preparation. Preparation of teaching materials to train a full account of the theoretical basis of cognitive level. psychological characteristics. necessary and sufficient for degrees. and strive to targeted. easy to understand. as simple as possible the physical principles. laws of derivation. In the grasp of the relevant basic theory. basic knowledge. basic skills. based on the prominent use of the theory of physics to explain the phenomenon of life; prominent physics technology in medical diagnosis. therapy; strive to improve their knowledge of physics applied to the the ability of medical practice. to stimulate students interest in learning. thereby enhancing learning. Contents: Introduction A study of physics Second. the relationship between physics and life science chapter of the biomechanical basis of a rigid body fixed axis of rotation Section one describes the rigid body rotation of the two physical quantities. the kinetic energy and rotational moment of inertia of three. torque and rotation law of four. five rigid body s angular momentum. rigid body precession II stress-strain elastic modulus one. two stress. strain III Section modulus mechanical properties of bone and muscle of one or two mechanical properties of bone. muscle acting on the mechanical properties of bone on the fourth power...
