Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.When such an issue with deep and powerful cultural resonance as firearms is given the full attention of the nation, the challenges involved with confronting the complex interconnectedness of law, public safety, Constitutional rights, policy, technology, market forces, and other concerns seem only amplified. The goal of this work is to provide an objective, neutral perspective on existing and emerging gun safety technologies and their availability and use today. In assessing...
