## CJKV Information Processing

By Ken Lunde

O Reilly Media, Inc, USA, United States, 2009. Paperback. Book Condition: New. 2nd Revised edition. 234 x 178 mm. Language: English . Brand New Book. First published a decade ago, CJKV Information Processing quickly became the unsurpassed source of information on processing text in Chinese, Japanese, Korean, and Vietnamese. The book has now been thoroughly updated to provide web and application developers with the latest techniques and tools for disseminating information directly to audiences in East Asia. This new second edition reflects the considerable impact that Unicode, XML, OpenType, and newer operating systems such as Windows XP, Vista, Mac OS X, and Linux have had on East Asian text processing in recent years. Written by its original author, Ken Lunde, a Senior Computer Scientist in CJKV Type Development at Adobe Systems, this book will help you: learn about CJKV writing systems and scripts, and their transliteration methods; explore recent trends and developments in character sets and encodings, particularly Unicode; examine the world of typography, specifically how CJKV text is laid out on a page; learn information processing techniques, such as code conversion algorithms and how to apply them using different programming languages; process CJKV text using different platforms, text editors,...
