The whole truth about political events seldom lies on the surface. The true inwardness of some of the moves on the political chess-board is often not discerned for years, and in the meantime the motives of the actors are possibly unfairly decried or unduly exalted. Yet, if history is philosophy teaching by examples, it must surely be desirable that the record of those examples should have the chance of verification before the distorting influence of subsequent events has blurred their outline, or minimised their importance. The setters-forth of those facts, the hodmen of literature are not without their value to the philosophic historian, who, in another century, may seek to work out the harmonious relations of...
