During a career that spans four decades, Barry Manilows music and his unique talent of poignant delivery, has inspired millions of listeners to feel. However, it wasnt until Helen Holdun published, *It Could Be Magic*; that an in-depth, true-life account had been told about Mr. Manilows music being the catalyst to transforming a life! *It Could Be Magic*. . . shares the intimate details of how the innate power of music, led one womans personal journey of self-discovery, reinvention and deep gratitude for all that was, is and has yet to be. In 2007 Ms. Holdun had reached an intersection in the road of life when where she was, was where she thought she needed to remain. It was the opening notes of (Barry) Manilows infamous *Could It Be Magic* that led the author on a path where she would discover all that life still had to offer, while at the same time dissipated her bubble of numb indifference to the world around her. This book is not simply a glib sharing of being a fan of the musician. It is, as Author and radio-host, Nicholas Snow, who provided the books world-wide launch via his blog-talk radio show explains: *It Could Be Magic*. . . isnt so much about Barry and the power of his music as it is about the courage to answer the question, Is this all there is, and reinvent ones self in the process. *It Could Be Magic* touches the heart and soul of anyone whos ever felt anesthetized in the life they are living. Its an especially insightful exploration for woman who while lovingly entrenched in nurturing those around...
