Reviews

This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).

THE TRUE KEY OF THIS UNIVERSE. There is nothing that a religious philosopher keeps at such a distance as the actual facts of life. But while these philosophers go their way ignoring the actual and indeed very ignorant of it, the people are going their way and leaving philosophers to their little artificial world of old texts, desks, and lecture rooms, and they are making up their own minds about god and religion, a very different mind from what the scholastic thinkers would like them to have. Yet the main light on whatever god there may be is not thrown by the nature of Being, of which the philosophers are so competent to speak, nor by the nature of Consciousness, but by the things happening to men every day in this sphere of god s power and love. And knowing full well the commiseration I shall inspire in philosophers for thinking of these mere events and drawing deductions from them, I lay them down as the First Principles from which any theory of the universe must be drawn. If we eliminate consciousness from the universe I do not know of what consequence its existence is, and if consciousness is the greatest thing, the way this universe uses every conscious being is our test of the universe. When these facts are presented to the philosopher he will be contented by saying, but suffering is not the only postulate whence our...
