A playful board book starring a little monkey who presents the letters A to Z and offers 26 quirky answers to the question What do you want to be? Fans of Mark Gonyea s recent board book Counting on Letters will recognize his bold graphics and bright, saturated colors, which create a high-contrast illustrations that keep kids attention focused and are ideal for learning letters. Monkey Suit An ABC of What You Can Be is a lively look at the alphabet for learners who ve grasped the basic shapes of the letters and are ready to explore words. Author-illustrator Mark Gonyea presents a little monkey who tries on a silly selection of roles that a child might dream of playing (elephant, ninja, optometrist--wait, what?) while the word and the letter it begins with are featured next to the illustration. With no discernible gender, the monkey is a perfect stand-in for any kid, and encourages young readers to imagine themselves in any of these roles. Praise for Mark Gonyea s Counting on Letters A smart and superbly executed combination of concepts. - Publishers Weekly Starred Review The book works for letter recognition and counting, but it s also fun to read aloud and introduces lots of potential for dramatic play. - News and Observer.
